**B1.04-100 SUPPLIES TO BE FURNISHED (SHIPS' BUNKERS) (DESC MAY 2005)**

(a) **SHIPS' BUNKERS.** Unless otherwise stated, the supplies shall be furnished f.o.b. destination as ships' bunkers into various types and sizes of U.S. military and federal civilian vessels for immediate consumption by the vessel. Unit prices are for product delivered inclusive of all delivery charges. Depending on the delivery conveyance's size, quantities ordered and delivered by truck or barge (as contracted) may require utilization of more than one truck or barge or return trips to fulfill the ordered fuel quantity.

(b) **REQUIREMENTS.** This is a requirements contract for the supplies or services specified and effective for the period stated in paragraph (i).

(1) The quantities of supplies or services specified in the Schedule are best estimates only and are not purchased by this contract. Except as this contract may otherwise provide, if the Government's requirements do not result in orders in the quantities described as "estimated" or "maximum" in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.

(2) Delivery or performance shall be made only as authorized by orders issued in accordance with the ordering provisions herein. Subject to any limitations in the order limitations provisions herein or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the ordering provisions. In addition, if a Government facility is located near the bunkering location, the Government shall only order from the Contractor the Government's fuel requirements that are in excess of its in-house capabilities. In such instances, the estimated quantities specified in the Schedule are estimates of requirements in excess of the quantities that the Government may itself furnish within its own capabilities. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations. Except as this contract otherwise provides, the Government shall order from the Contractor all the supplies or services specified in the Schedule that are required to be purchased by the Government activity or activities specified in the Schedule. The Government is not required to purchase from the Contractor requirements in excess of any limit on total orders under this contract. However, the total quantity ordered and required to be delivered by the specified method of delivery during the ordering period may be greater than or less than these total estimated quantities.

(3) If the Government urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the Government may acquire the urgently required goods or services from another source.

(4) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; PROVIDED, that the Contractor shall not be required to make any deliveries under this contract after the end of the stated delivery period.

(5) The Government agrees to order and the Contractor shall, if ordered, deliver during the contract period, at the unit prices hereunder, adjusted in accordance with the ECONOMIC PRICE ADJUSTMENT – MARKET PRICE INDICATORS (SHIPS' BUNKERS) clause or the ECONOMIC PRICE ADJUSTMENT – ESTABLISHED CATALOG MARKET PRICE – OTHER THAN PUBLICATION (SHIPS' BUNKERS) clause of the contract (if applicable), the total actual requirements for the product(s) at the location(s) listed.

(6) Domestic requirements for ships' bunkers shall include all of the U.S. (including commonwealths and the District of Columbia), its territories, and possessions. Overseas requirements are those outside of the above. Domestic and overseas requirements are classified into separate Purchase Programs (PPs):

**Domestic:**

PP 3.7A - Pacific, West Coast, Great Lakes, Northeast, and Middle Atlantic States, to include inland river-ways therein.

The QSR is a Government Representative authorized to represent the Contracting Officer to assure the Contractor complies with the contractual requirements in furnishing services.

(3) The following may be completed by the Government at time of award. Government Source Inspection is required for items listed below:

(g) **DELIVERY ORDERS.**

(1) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders by the individuals or activities defined as an Ordering Officer. Any U.S. military and Federal civilian agency vessel may utilize this contract. An Ordering Officer means whichever of the following (or their designated representatives) is applicable: (1) the Commander, Defense Energy Support Center; (2) the Commander, U.S. Army Petroleum Center; (3) the Commanding Officer, U.S. Navy Petroleum Office; (4) the Officer in charge of the Federal Government activity encompassing any delivery point indicated in the Schedule; (5) the Commanding Officer or the Master of the vessel to be bunkered; (6) any Government Contractor furnishing evidence of authority to order under this contract; (7) the head of any Federal Government agency; (8) the Contracting Officer; (9) the Navy Fleet Commanders; (10) the Defense Attaché Officer; (11) the authorized ship manager (Contractor) for the Maritime Administration and/or National Aeronautic and Space Administration (NASA) who is ordering ships' bunkers on behalf of Maritime Administration and/or NASA vessels; (12) the ships' husbanding agent, furnishing evidence of contractual authority, who passes the order (verbal or written) on behalf of the requesting Government vessel; (13) Military Sealift Command Fuel Ordering Officers. All delivery orders are subject to the terms and conditions of this contract. In the event there is a conflict between a delivery order and this contract, the contract shall control.

(2) **ORAL ORDERS.** Bunker fuel orders may be issued orally or in writing. An oral delivery order may be considered issued by the Ordering Officer when it is verbally assigned a purchase order and/or delivery order number and the delivery specifics have been verbally communicated to the Contractor. A verbal delivery order number may also be the Date Time Group (DTG) number from the vessel's Logistics Requirements (LOGREQ) Report issued to a Government shore activity or contracted husbanding agent. Contractors are encouraged to request evidence to substantiate a verbal delivery order. For military and U.S. Coast Guard vessels, a contracted husbanding agent or Government shore

activity may serve as liaison for the requesting vessel to be bunkered. The Government shore activity or contracted husbanding agent will pass the above-described oral order issued by the vessel, along with evidence of this order, to the Contractor in a timely manner and will coordinate the delivery of the fuel. The husbanding agent, not having authority to bind the Government, must clearly advise the Contractor of its role in this arrangement and show valid evidence (DTG from LOGREQ copy of e-mail or LOGREQ from vessel to husbanding agent, etc.) of the order requirement initiated by the U.S. Government vessel.

(3) **WRITTEN DELIVERY ORDERS.** For all orders, the appropriate ordering office/officer will provide a signed, written order--

- (i) A Department of Defense (DD) Form 1155 for DoD agencies;
- (ii) An Optional Form (OF) 347 for all Federal/Civilian Agencies;
- (iii) A Commerce Department (CD) Form 404 for the National Oceanic and Atmospheric Administration; or
- (iv) An SF 1449 for all of the above--

to the Contractor or its designee in place of or after issuing the above-described oral order. The written delivery order will be provided to the Contractor, or its designee, prior to or at completion of delivery; however, Contractors are highly encouraged to request the written delivery order prior to completion of the delivery if not already received. The order form must, at a minimum, include the contract number, Contractor's name and address, contract line item number, payment office, signature of the Ordering Officer, ships' ordering and payment information, and quantity of fuel ordered. In the event a written delivery order is not provided after delivery, the Contractor shall promptly contact the DESC Contracting Officer for assistance. The ordering office's failure to issue written confirmation, or the Contractor's failure to receive written confirmation, does not relieve the Contractor from its obligation to perform in accordance with the oral order.

(4) Credit cards of any type shall not be used to create a delivery order under this contract.

(h) **DELIVERY ORDER LIMITATIONS.**

(1) **MINIMUM ORDER.** When the Government requires supplies or services covered by this contract in an amount of less than the minimum quantity applicable to the method of delivery called for by the item(s) as specified in the Schedule, the Government shall not be obligated to purchase, nor the Contractor obligated to furnish, any supplies or services under this contract.

(2) **MAXIMUM ORDER.** The Contractor shall not be obligated to honor any order for a single item, or any series of orders from the same ordering office in the course of 30 days, that exceeds the limitations listed below:

- (i) For items calling for delivery as ships' bunkers by barge or pipeline--

<u>TOTAL ESTIMATED QUANTITY OF ITEM</u>	<u>LIMITATION</u>
Less than 500,000 USG/1,700 MT	The total estimated quantity
500,000 to 2,500,000 USG/1,700 to 8,700 MT	500,000 USG/1,700 MT or 50% of the total estimated quantity, whichever is greater
More than 2,500,000 USG/8,700 MT	1,250,000 USG/4,350 MT or 25% of the total estimated quantity, whichever is greater

- (ii) For items calling for delivery by truck--

<u>TOTAL ESTIMATED QUANTITY OF ITEM</u>	<u>LIMITATION</u>
Less than 100,000 USG/350 MT	The total estimated quantity
100,000 to 500,000 USG/350 - 1,700 MT	100,000 USG/350 MT or 50% of the total estimated quantity, whichever is greater
More than 500,000 USG/1,700 MT	250,000 USG/870 MT or 25% of the total estimated quantity, whichever is greater

(i) **DELIVERY AND ORDERING PERIODS.** The period during which the Government may order and the Contractor shall deliver, if ordered, will be as specified below unless the Schedule specifies otherwise.

(1) **ORDERS:** The ordering period begins: OCTOBER 1, 2005 and ends SEPTEMBER 30, 2007.

(2) **DELIVERIES:** The delivery period begins: OCTOBER 1, 2005 and ends OCTOBER 31, 2007.

(3) **EXTENSION PROVISIONS.** The Government reserves the right to unilaterally extend this contract on the same terms and conditions on a month-to-month basis one or more times for a total of no more than six months. Notice of contract extension will be furnished to the Contractor no later than 10 days prior to expiration of this contract or any extension thereof. However, nothing in this clause precludes the Contractor from agreeing to an extension of the contract if the Government fails to issue the notice within the 10-day time frame. Extension of this contract shall be considered to have been accomplished at the time the Government provides written notification to the Contractor via mail deposit or facsimile.

(4) **FOR ALL ITEMS.** Notwithstanding the foregoing paragraphs, if the Government requests and the Contractor agrees to honor an order outside the delivery limitations set forth above and/or the minimum advance delivery order notice, the order will be bound to the terms, conditions, and price(s) established in the contract. The Contractor shall honor any written or oral order(s) outside the delivery order limitations set forth above or agreed to by the parties within the contract, unless the Contractor rejects the order(s) by notifying the issuing office immediately upon its receipt, as prescribed below, but no later than 24 hours from the time of its issuance. If the order is issued on a weekend and/or holiday and it falls outside the delivery order limitations, the Contractor has until noon of the next business day to reject the order.

**Contractor Notification:** The Contractor's rejection notice must be given first verbally, by calling the ordering office, followed by a written notification, which should preferably be sent via facsimile. The Contractor's written notice of rejection must clearly state (1) the intent not to deliver the ordered item(s) and (2) the reasons for rejection, and must be accompanied with the written order, if there is one. Upon receipt of the Contractor's verbal notice of rejection, the Government may secure the supplies from another source. The Government is not required to order a part of any one requirement from the Contractor when such requirement falls outside the advance delivery order notice and/or delivery order limitations set forth in this clause or agreed to by the parties within the contract.

(5) **FOR ALL ORDERS.** The Government must place orders during the Contractor's normal business operating hours for receipt of orders for a delivery to occur on a weekend and/or holiday. If an order for a delivery that is urgently required on a weekend and/or holiday cannot be placed during the Contractor's normal operating hours for receipt of orders, the Government shall first verbally contact the Contractor for offer of said order. If the Contractor verbally elects to not accept said order, the Government shall document as such and pursue Local Purchase Authority (LPA) meeting the Competition in Contracting Act (CICA). CICA shall apply for any time LPA is utilized.

(j) **ORDERING POINT(S) OF CONTACT.** Due to vessel missions, it is imperative that Contractor's be reachable at all times for order placement and timely deliveries. To ensure prompt delivery of the supplies to be furnished for ships' bunker requirements, the Contractor shall provide a primary and/or alternate point of contact for receipt of orders 24 hours a day, 7 days a week, for each item listed below. Complete telephone and facsimile numbers including country and/or area codes are requested. Alternative numbers, such as beepers, pagers, cell phones, etc., are also requested. The Contractor may, at its option, assign a Contractor designee at each delivery location as the point of contact, provided the designee agrees to act as the Contractor's representative for this purpose. The following table shall be used for order placement for ships' bunkers:

Item Number	Contact Person and Location	Complete Telephone Number	Complete Facsimile Number	E-Mail Address	Normal Operating Hours and Days for Orders Deliveries
----------------	--------------------------------	------------------------------	------------------------------	----------------	-------------------------------------------------------------

(k) **OVERTIME.** If delivery cannot be made during the Contractor's normal operating hours, as set forth in paragraph (j) above, the Contractor shall continue with or initiate deliveries during other than normal operating hours as requested by the vessel's officer with Ordering Officer authority or, in such instances, as authorized in writing by the Contracting Officer. The Government agrees to reimburse the Contractor for overtime payment costs associated with deliveries made outside the Contractor's normal operating hours in accordance with the schedule below. The Contractor shall provide applicable overtime documents, showing date and time overtime commenced and concluded, to the Receiving Officer who shall certify that said charges have been incurred. In the event that overtime may apply for deliveries outside of the operating hours and days cited in paragraph (j) above, the Contractor must advise of such time factors and the overtime rate per hour that shall apply per item. **NOTE:** U.S. Navy and some port regulations may prohibit deliveries from occurring at nighttime. Further, some vessels carrying ammunition or other cargoes considered

hazardous may not be allowed to enter certain ports (pier-side) during specific hours or not at all, requiring deliveries at non-peak times and/or at anchorage, respectively.

<u>Item Number</u>	<u>Hours &amp; Days Outside of Normal Delivery</u>	<u>Rate per hour</u>
--------------------	--------------------------------------------------------	----------------------

Notwithstanding the above, the Government will not pay more than the actual rate charged by the common carrier or the rate the Contractor normally charges its regular commercial customers, whichever is lower.

(l) **RECEIPTS.**

(1) Upon completion of the fuel delivery, the Contractor, or the Contractor's designee, shall prepare a commercial receipt. A commercial receipt is defined as a commercial bunker receipt, a commercial bill of lading, and/or delivery ticket for the exact type of fuel under contract. The Contractor shall then, and in the presence of the Government representative at the time of the delivery, clearly annotate on the commercial receipt, in English--

(3) The receiving vessel's representative shall certify the commercial receipt, acknowledging receipt and acceptance of the fuel type, net quantity, date of fuel receipt, and sign for fuel acceptance. A legible copy of the commercial receipt will be provided to the receiving vessel. It is imperative that the receipt be annotated for the same type of fuel under contract.

(4) Alternatively, the receiving vessel's representative may utilize the ordering document to certify receipt and acceptance of the fuel type and quantity when a commercial receipt is not available; provided there will be no recurring deliveries against that order. **Certification of acceptance is accomplished when the vessel's representative (i) encircles the ordered quantity, (ii) annotates the received net quantity beneath the encircled quantity, and then (iii) dates and (iv) signs the receipt portion of the ordering document. WITHOUT ALL FOUR OF THE AFOREMENTIONED PROVISIONS, THE ORDER DOCUMENT CANNOT BE USED FOR RECEIPT CERTIFICATION.** If available, the ships' stamp shall be annotated on the order form.

(5) Whichever documentation is used, the Contractor or its representative shall ensure the vessel's representative annotates the actual net quantity received utilizing the contracted unit of issue, i.e., U.S. gallons for domestic locations and metric tons for overseas locations. The vessel's representative shall return the certified receipt documentation to the Contractor or the Contractor's designee, prior to departure. The vessel's representative shall retain a copy for the vessel's records.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. Base reference prices are used only for price adjustment purposes and are not to be an indicator of the offeror's fuel cost at a specific time period.**

### **B19.19-1 ECONOMIC PRICE ADJUSTMENT - MARKET PRICE INDICATORS (SHIPS' BUNKERS) (DESC AUG 2000)**

(a) **WARRANTIES.** The Contractor warrants that--

(1) The unit prices set forth in the Schedule do not include allowances for any portion of the contingency covered by this clause;  
and

(2) The prices to be invoiced hereunder shall be computed in accordance with the provisions of this clause.

(b) **DEFINITIONS.** As used throughout this clause, the term--

(1) **Award price** means the original contract price including incremental pricing grids.

(2) **Reference price** means a market price indicator determined by an independent trade association, governmental body, or other third party and reported or made available in a consistent manner in a publication, electronic data base, or other readily accessible form. This price may be either a single reference price or a combination of reference prices for price adjustment for individual items by product, market area, and publication as specified in the Table in (f) below. The reference price is derived from quotes, assessments, or sales prices in the market place for one or several items or commodity groups as reported in a consistent manner in a publication, electronic data base, or other readily accessible form.

(i) **Base reference price** means the market price indicator shown in the Table in (f) below and is the reference price from which economic price adjustments are calculated pursuant to this clause. This price will be expressed as **Base Ref. Price** in any price adjustment notification issued through contract modifications and/or postings to the DESC web page under the heading **Doing Business with DESC**. The **base reference date** annotated in the Table shall remain unchanged throughout the life of the contract.

(ii) **Adjusting reference price** means the market price indicator in effect in the calendar week of the date of delivery, used to determine the change in reference price. In the event one or more applicable reference prices are not (or were not) published on the date shown, then the term **adjusting reference price** means the preselected market price indicator for an item as published on the date nearest in time on or prior to the effective calendar date as expressed in (4) below. It is annotated as **New Ref. Price** in any PA modification issued.

(3) **Current unit price** means the most current price including alpha designated incremental pricing grids in effect for the week that the price adjustment provisions discussed in paragraph (c) below begin. This price, expressed as **Latest Unit Price** in any DESC price adjustment notification issued through contract modifications and/or postings to the DESC web page under the heading **Doing Business with DESC** shall be the unit price charged to the Government for supplies delivered under the contract.

(4) **Date of delivery** means the date and time product is received by the requesting activity/vessel. This constitutes signature of receipt by the Government representative for the entire delivery. A single delivery that began on one date and ended on another date shall be considered as received on the date of completion annotated by the Government on the bunker delivery document. Excusable delays in delivery shall be handled on a case-by-case basis by the Contracting Officer.

(5) **Calendar week** means a consecutive seven-day period, beginning with whichever day of the week is specified in (c)(1) below.

(c) **ADJUSTMENTS.** Subject to the provisions of this clause, the prices payable hereunder shall be determined by adding to the award price the same number of cents, or fraction thereof, that the reference price increases or decreases, per like unit of measure as the award price. All resultant price adjustments shall be issued via notification through contract modification and/or postings to the DESC web page under the heading **Doing Business with DESC**. This will be executed by the Contracting Officer through weekly price adjustment notifications in accordance with the following:

(1) **DAY OF PUBLICATION.** Except for items employing the publications listed in (i), (ii), and (iii) below, the reference price in effect on the date of delivery shall be that item's preselected reference price published on the **Monday** of the calendar week in which the delivery is made, or, in the event there is no publication in that week, it shall be the item's preselected reference price as last previously published.

**NOTE 1:** Oil Price Information Services' (OPIS) Petroscan data is dated on a Thursday but is incorporated into the Monday "hard copy" publication. The Monday date of the OPIS average city prices shall preside.

**NOTE 2:** DESC downloads the electronic versions of the price publications (i.e., Platts, OPIS). Occasionally, a slight discrepancy may be noted between the prices posted on the electronic version and the printed (hard copy) version. In such an event, the prices posted in the electronic version shall prevail.

(i) **PLATT'S BUNKERWIRE AND BUNKERFUELS REPORT.** For items employing Platt's Bunkerwire and Bunker Fuels Report, the reference price in effect on the date of delivery shall be that item's preselected reference price effective (and normally published) on the **Tuesday** of the calendar week in which the delivery is made, or, in the event there is no publication on Tuesday of that week, it shall be the item's preselected reference price as last previously published.

(ii) **PLATT'S OILGRAM PRICE REPORT.** For items employing Platt's Oilgram Price Report, Spot Price Assessment, the reference price in effect on the date of delivery shall be that item's preselected reference price officially published on the Tuesday, normally effective on the prior Monday, of the calendar week in which the delivery is made, or, in the event there is no publication on Tuesday of that week, it shall be the item's preselected reference price as last previously published. For items employing Platt's Oilgram Price Report, 5 Day Rolling Average, the reference price in effect on the date of delivery shall be that item's preselected reference price published for 5 days ending Friday prior to the calendar week in which the delivery is made.

(iii) When a combination of two different publications is utilized, the **Monday** date of the calendar week shall control if differing published dates are used.

(2) **CALCULATIONS.**

(i) If averages are published within a given publication, then these averages will be used.

(ii) For prices in U.S. gallons, if averages are not available within a given publication, manually calculated averages, carried to six decimal places, truncated, will be used. For prices in metric tons, if averages are not available within a given publication, manually calculated averages, carried to two decimal places, truncated, will be used. For domestic contract line items, conversions from metric tons to gallons shall be utilized through the CONVERSION FACTORS clause for the applicable publication reference product. Barrels shall be converted using the CONVERSION FACTORS clause for barrels to gallons. The above shall apply unless cited differently in the Table in (f) below.

(iii) For domestic contract line items, the final calculated reference price, as well as any intermediary arithmetical calculations, will consist of a number including six decimal places, truncated. For overseas contract line items, the final calculated reference price, as well as any intermediary arithmetical calculations, will consist of a number including two decimal places, truncated.

(iv) For domestic contract line items, the final adjusted unit price will always consist of a number including six decimal places, truncated. For overseas contract line items, the final adjusted unit price will always consist of a number including two decimal places, truncated.

(v) In the event a known applicable tax change occurs, the Government will automatically adjust via contract modification said increase or decrease to the Contractor's escalated contract price, effective on the date said increase or decrease occurred.

(3) **FAILURE TO DELIVER.** Notwithstanding any other provisions of this clause, no upward adjustment shall apply to product scheduled under the contract to be delivered before the effective date of the adjustment unless the Contractor's failure to deliver according to the delivery schedule results from causes beyond the Contractor's control and without its fault or negligence, within the meaning of paragraphs (f), Excusable Delays, and (m), Termination for Cause, of the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS clause of this contract, or is the result of an allocation made in accordance with the terms of the ALLOCATION clause of this contract, in which case the contract shall be amended to make an equitable extension of the delivery schedule.

(4) **UPWARD CEILING ON ECONOMIC PRICE ADJUSTMENTS.** The Contractor agrees that the total increase in any contract unit price shall not exceed 60% percent of the award price in any applicable program year (whether a single year or a multiyear program), except as provided hereafter:

(i) If, at any time, the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. The notification shall include a revised ceiling the Contractor believes is sufficient to permit completion of remaining contract performance, along with an appropriate explanation and documentation as required by the Contracting Officer.

(ii) If an actual increase in the reference price would raise a contract unit price for an item above the current ceiling, the Contractor shall have no obligation under this contract to fill pending or future orders for such item, as of the effective date of the increase, unless the Contracting Officer issues a contract modification to raise the ceiling. If the contract ceiling will not be raised, the Contracting Officer shall so promptly notify the Contractor in writing.

(5) **REVISION OF REFERENCE PRICE .** In the event--

(i) Any applicable reference price (market price indicator) is discontinued or its method of derivation is altered substantially;  
or  
(ii) The Contracting Officer determines that the reference price consistently and substantially fails to reflect market conditions-

-  
the parties shall mutually agree upon an appropriate and comparable substitute for determining the price adjustments hereunder. The contract shall be modified to reflect such substitute effective on or just prior to the date the indicator was discontinued, altered, or began to consistently and substantially fail to reflect market conditions. If the parties fail to agree on an appropriate substitute, the matter shall be resolved in accordance with paragraph (d), Disputes, of the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS clause of the contract.

(d) **EXAMINATION OF RECORDS.** The Contractor agrees that the Contracting Officer or designated representatives shall have the right to examine the Contractor's books, records, documents, and other data the Contracting Officer deems necessary to verify Contractor adherence to the provisions of this clause.

(e) **FINAL INVOICE.** The Contractor shall include a statement on the final invoice that the amounts invoiced hereunder have applied all decreases required by this clause.

(f) **TABLE.** The following publication(s)/date(s) apply:

### **Purchase Program 3.7A&C Northern Domestic:**

**NOTE:** Offerors are encouraged to track the proposed base reference price against their fuel costs for a set time to determine if the Government's proposed base reference price coincides with the offeror's cost of product. Base reference prices are used only for price adjustment purposes and are not to be an indicator of the offeror's fuel cost at a specific time period.

(4) **UPWARD CEILING ON ECONOMIC PRICE ADJUSTMENTS.** The Contractor agrees that the total increase in any contract unit price shall not exceed 60 percent of the award price in any applicable program year (whether a single year or a multiyear program), except as provided hereafter:

(i) If, at any time, the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. The notification shall include a revised ceiling the Contractor believes is sufficient to permit completion of remaining contract performance, along with an appropriate explanation and documentation as required by the Contracting Officer.

(ii) If an actual increase in the reference price would raise a contract unit price for an item above the current ceiling, the Contractor shall have no obligation under this contract to fill pending or future orders for such item, as of the effective date of the increase, unless the Contracting Officer issues a contract modification to raise the ceiling. If the contract ceiling will not be raised, the Contracting Officer shall so promptly notify the Contractor in writing.

(5) **REVISION OF REFERENCE PRICE .** In the event--

(i) Any applicable reference price (market price indicator) is discontinued or its method of derivation is altered substantially;  
or

(ii) The Contracting Officer determines that the reference price consistently and substantially fails to reflect market conditions--

the parties shall mutually agree upon an appropriate and comparable substitute for determining the price adjustments hereunder. The contract shall be modified to reflect such substitute effective on or just prior to the date the indicator was discontinued, altered, or began to consistently and substantially fail to reflect market conditions. If the parties fail to agree on an appropriate substitute, the matter shall be resolved in accordance with paragraph (d), Disputes, of the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS clause of the contract.

(d) **EXAMINATION OF RECORDS.** The Contractor agrees that the Contracting Officer or designated representatives shall have the right to examine the Contractor's books, records, documents, and other data the Contracting Officer deems necessary to verify Contractor adherence to the provisions of this clause.

(e) **FINAL INVOICE.** The Contractor shall include a statement on the final invoice that the amounts invoiced hereunder have applied all decreases required by this clause.

**DELIVERIES AND PERFORMANCE**

**F3.01 TRANSPORT TRUCK, TRUCK AND TRAILER AND/OR TANK WAGON FREE TIME AND DETENTION RATES (BUNKERS) (DESC MAR 1997)**

(a) Upon arrival of Contractor's transport truck, truck and trailer, or tank wagon, the receiving activity shall promptly designate the delivery point into which the load is to be discharged. The Contractor shall be paid for detention beyond free time for delays caused by the Government. A minimum of one hour free time is required per item requiring transport truck, truck and trailer, or tank wagon delivery.

(1) Additional free time per item for unloading a transport truck, truck and trailer, or tank wagon in excess of the required one hour: \_\_\_\_\_.

(2) Rate per item for detention beyond required, plus any additional, free time: \_\_\_\_\_.

NOTE: The above will not be considered in the evaluation of offers for award.

(b) Notwithstanding the above, the Government is entitled to at least as much free time as is allowed by the common carrier or that the Contractor normally allows its regular commercial customers, whichever is greater. In addition, the Government will not pay more in detention rates than the actual rate charged by the common carrier or the rate the Contractor normally charges its regular commercial customers, whichever is lower. UNLESS THE OFFEROR OTHERWISE INDICATES IN PARAGRAPH (a)(1) and (2) ABOVE, FREE TIME WILL BE CONSIDERED UNLIMITED.

(c) **DETENTION COSTS.** Detention costs will be the sole responsibility of the activity incurring them. Any invoices for detention costs will be forwarded directly to the activity receiving the product.

**F16.03-100 BARGE UNLOADING CONDITIONS (SHIPS' BUNKERS) (DESC MAY 2005)**

(a) **DEFINITIONS.** The following definitions apply herein:

(1) **BACKHAUL:** Transportation charges associated with returning excess quantities ordered but not taken by the Government to the supply terminal or, if not returnable, incurred demurrage until the product is sold to a third party. Backhaul may also include the difference between the price the Contractor paid for the product and any lower market price actually received by the Contractor in making a good faith effort to mitigate damages by selling the product to a third party.

(2) **DEMURRAGE:** A fee charged for exceeding free time allowed by contract for barge loading or unloading.

(b) **ORDERING PROCESS.** The supplies ordered hereunder shall be delivered to the destination specified in a verbal order and/or DD 1155, SF 44, SF 1449, OF 347, or CD 404 (to be referred to in this clause as the "ordering document"), in accordance with the contract schedule, unless mutually agreed to by the parties. Unless otherwise specified in the contract, orders placed for bunkers for delivery (anchorage and/or pier-side) by means of barge will be furnished to the Contractor at least 48 hours, in advance of the date/time on which delivery is to be made, which date is hereinafter referred to in this clause as the "scheduled delivery date". Each order will specify the quantity to be delivered, the scheduled delivery date, and delivery location.

(c) **SCHEDULED DELIVERY DATE.** The scheduled delivery date may be changed by mutual agreement of the parties. If an agreement on a new scheduled delivery date cannot be reached, the previous scheduled delivery date will be maintained.

(d) **EXPECTED TIME OF ARRIVAL.** The Contractor must provide to the receiving Government vessel a notice of readiness to bunker at least 1 hour prior to the scheduled bunkering. The Government shall provide a safe and assessable berth for the Contractor's bunkering vessel, not later than 1 hour after receipt of the Contractor's bunkering vessel's notice of readiness to bunker.

(e) **LAYTIME.** Unless otherwise provided in the ordering document, the Government shall be allowed and will complete receipt of the bunkers within laytime determined as follows:

(1) One hour for each 1,500 barrels of supplies to be bunkered. (Example: Quantity to be bunkered is 4,000 barrels, laytime will be 2 hours and 40 minutes.) This assumes the barge delivering bunkers is capable of pumping into the receiving vessel at a rate of 1,500 barrels per hour (BPH). Laytime will be extended by the appropriate additional time when the pumping rate is less than 1,500 BPH.

(2) Laytime shall commence at the later of:

(i) At Notice of Readiness (NOR) plus 1 hour; or

(ii) Immediately upon arrival in berth of the Contractor's bunkering barge (i.e., all fast) provided that the Contractor provided notice of readiness to bunker at the proper time. (See paragraph (c) above.)

(3) Laytime shall continue 24 hours a day, 7 days a week, without interruption, unless port authority regulations require differently, from its commencement until bunkering of the barge is completed and the hoses have been disconnected.

(f) **LAYTIME CREDIT.**

(1) If regulations of the Port Authority prohibit bunkering at any time, time so lost shall be added to the amount of allowed laytime.

(2) Delays, after commencement of laytime, attributed to the Contractor or its employees, agents, or subcontractor(s), including delays caused by the condition or failure of the bunkering barge, will be added to the allowed laytime. In the event of Contractor delay, if total adjusted laytime is not fully utilized and/or is exceeded due to further Contractor delays, the provisions of paragraph (e), Contractor Delivery Delays, of the **BUNKERING PROVISIONS** clause (**F1.01-2**) may be utilized.

(3) Delays, after commencement of laytime, attributed to causes beyond the control and without the fault or negligence of the Contractor or the Government will result in increasing basic allowed laytime for one half of the delay.

(4) In the event of delay caused solely by the Government, if total allowed laytime and freetime are exceeded, the Contractor may bill for demurrage charges in accordance with paragraph (j) below. Evidence of such delay must be provided.

(g) **DELAYS.** In the event of a breakdown of the Contractor's equipment, which prohibits bunkering for at least 2 hours, the Contractor will be required to remove the equipment from the Government-provided berth, unless permission is granted by the Government to allow the equipment to remain at berth. When the Government grants permission for the Contractor's equipment to remain at berth, the Contractor will be responsible to reimburse the Government for any cost incurred by the Government for furnishing personnel to remain with the barge during repair. If the Contractor removes the equipment from the Government-provided berth, notice of readiness to bunker will be again required as provided in paragraph (d) above.

(h) **EQUIPMENT.** Proper hoses for bunkering a barge shall be provided by the Contractor. However, the Government shall be responsible for connecting and disconnecting the hoses at the flange of the receiving Government vessel.

(i) **TITLE.** Title to the supplies delivered, and risk of loss thereof, shall pass from the Contractor to the Government when the supplies cross the receiving Government vessel's manifold.

(j) **DEMURRAGE RATE.** The rate payable per hour by the Government for detainment of the Contractor's barge will be specified below. The demurrage rate payable to the Contractor shall in no event exceed the actual demurrage expense incurred by the Contractor's bunkering barge, and in the event that the Contractor fails to specify charges below, then the rate shall be those reasonable demurrage expenses actually incurred by the Contractor. Free time allowed and demurrage rates are not considered in evaluation of offers for awards although rates and times may be addressed during negotiations.

#### **CONTRACT ADMINISTRATION**

### **NOTE: NEW AUTOMATED INVOICING & VOUCHER SYSTEM BEING IMPLEMENTED:**

**"MyInvoice" is an automated invoice and voucher system that is succeeding the Vendor Pay Inquiry System (VPIS) as well as replacing hard1 copy vouchers currently issued by DFAS. As of March 15, 2005, myInvoice will be the only source of payment information previously available on hard copy payment vouchers. However, VPIS will run concurrently for several months to enable contractors plenty of time to register for myInvoice. Prior to using myInvoice both contractors and government personnel must register in the system.**

**The first step in registering is to visit the myInvoice site at the DFAS home page: <http://www.dfas.mil/money/vendor>. The page may also be accessed from the DESC homepage clicking on "Doing Business with DESC", "Product Pricing and Adjustments", "DFAS Payment System", "DFAS Vendor Pay". Click on "myInvoice" under the "myInvoice" heading. You will need to follow the download and installation instructions located under the "Jinitiator Download" button. These instructions enable you to download the software and a required certificate database upgrade. This must be accomplished to enable you to proceed with the registration process. Then, access the registration instructions under "myInvoice" on the web page. Follow the registration instructions. (Note that there are different instructions for new registrations and for those who may have had the opportunity to preregister). For assistance with registration, call Barbara Inskecp at DFAS on commercial 614-693-6665.**

**L5.05 DISPUTES: AGREEMENT TO USE ALTERNATIVE DISPUTE RESOLUTION (JUN 2001) – DLAD**

(a) The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.

(b) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the Contractor (see FAR 52.233-1), or, for the Agency, by the Contracting Officer, and approved at a level above the Contracting Officer after consultation with the ADR Specialist and with legal counsel (see DLA Directive 5145.1). Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the Contracting Officer before determining ADR to be inappropriate.

(c) If you wish to opt out of this provision, check here [ ☐ ]. Alternate wording may be negotiated with the Contracting Officer.
